

CHILDREN'S SERVICES

Fun, Individually-tailored Developmental Respite Programs for Young People aged from 3 to 18 years.

ExploreAbility is a developmental service for children and young people. We are committed to providing a proactive, flexible and individualised service where children and young people grow and develop, play, learn life skills, engage in the community and build friendships. The program is based on Person Centred Active Support, Developmental, Positive Behavioural Support, Independent Living and Human Rights models.

We engage trained staff to support children and young people to enjoy their stay and to work on their individual goals. These goals carry across from home, school and other environments and match with the child or young person's NDIS Goals.

ExploreAbility

For children and young people

Offering Service Flexibility and Choice
