

August 2020

The DESS hub is go!

We were beyond thrilled this month to launch our brand new DESS Hub. We are so proud of the Developmental Educators and their unique new headquarters, which embodies a one of a kind therapy innovation for DE Services in Adelaide. Throughout the day we opened our doors and showed our industry colleagues through our unique therapy spaces, and in the late afternoon we welcomed the Hon. Minister Michelle Lensink and Associate Professor Caroline Ellison of UniSA to formally launch and celebrate our achievements with our special guests. Congratulations to Emily Anderson, the DESS Manager, and the whole team, for what is a jewel in the disAbility Living crown, and an amazing resource for our clients and the disability sector.
